Distribution of the Quality Manual (QMS)

The Quality Manual is distributed as controlled copies to the following:

Copy No.

- 1. Original (MASTER COPY) = GUIDELINES (GL), QUALITY MANUAL (QM), AND PROCEDURE MANUAL (PM)
 - = Quality Management Representative (QMR) and Document Records Controller (DRC)
- 2. Controlled Copy from the Master Copy = Quality Management Representative (QMR), Division Chief & Process Holder.
- 3. Uncontrolled copies may be distributed upon the approval of the Quality Manager.

No part of this Quality Manual may be reproduced, stored in a retrieval system, or transmitted, in any form or by any means, electronic, mechanical, photocopying, recording, picture taking or otherwise, without the prior permission of the Quality Manager.

CARCAR WATER DISTRICT QUALITY POLICY

Fully committed to fulfill the task of providing the highest quality of potable WATER and best value of SERVICES to Carcar City, CARCAR WATER DISTRICT commits to relentlessly improve our Quality Management System and comply with all regulatory and statutory requirements through:

Skilled and professional employees

Efficient and safe water production

Reliable transmission and distribution lines

Viable financial resources

Integrity in performance of duties

Clean work facilities

Environment conscientiousness

Service with a SMILE

CWD PROFILE

UNCONTROLLED COPY

HISTORY

Carcar Water District was previously managed by the Local Government Unit of then Municipality of Carcar under the name Carcar Waterworks System.

On February 12, 1980, Carcar Waterworks System was turned over to CWD through SB Resolution No. 15, Series of 1980.

On May 30, 1980, CWD was conferred with CCC No. 117 by the Local Water Utilities Administration (LWUA). At that time, the total number of service connections was in the few hundreds only. By the end of 2000, there were 5,175 active water service connections already.

With the able leadership of its present General Manager, Engr. Edward L. Remo, who assumed the position in 2002, CWD provides quality service to more than fourteen thousand concessionaires and is continually expanding its service coverage. It has a total manpower of 69 employees as of November 1, 2016.

GOCC

Carcar Water District is a Government Owned and Controlled Corporation (GOCC) formed under and by virtue of PD 198, as amended, and is subject to the rules and regulations of the Civil Service Commission, the Commission on Audit, GCG and DBM among others.

CWD is headed and managed by its general manager while policy making of the water district is vested with the five-member Board of Directors, each representing the sectors on business, education, civic, professional and women.

Unlike Local Government Units, CWD does not enjoy government subsidy or allocation. It operates on internally generated funds. Its loan with the LWUA was recently re-financed by the Development Bank of the Philippines for reasons which were financially favorable to the water district.

It is currently seeking global certification for ISO 9001:2015 Quality Management System in its desire to improve the quality of its customer service satisfaction.

CARCAR WATER DISTRICT Document No. : GL-RAI-01 Eff. Date : 08-20-16 GUIDELINE Revision No. : 00 Pages : 2 of 2

RISK ASSESSMENT GUIDELINE

Establish the Level of Significance

Level of significance can be determined using the Risk Priority Number (RPN).

RPN = (Severity x Occurrence x Detection)

- High Risk ~ if RPN is greater than the set limit based on the aspects rated.
- Medium Risk ~ if RPN is within the range of the set limit based on the aspects rated.
- Low Risk ~ if RPN is below the range of the set limit based on the aspects rated

Impacts/Risk Assessment and Control Measures

| Risk Scores | | Control Measures |
|-----------------------------|--------------------|--|
| 12 and below (Low Risk) | Not Significant | May require monitoring, training of personnel, periodic inspection |
| 13-35 (Medium Risk) | Not Significant | May require inclusion in the company / departmental objectives, setting Integrated Management Programs, Production Control, Audit/Inspection |
| 36 and above (High Risk) | Significant | Requires inclusion in the company / departmental objectives, setting of QMS Programs |
