

Celebrating Women's Month and Fire Prevention Month:

A meaningful event at Carcar Water District

CWD celebrates the Women's Month and Fire Prevention Month in a vibrant and meaningful event on March 5, 2025 at the CWD grounds. The activity aims to honor the contributions of women to society and to raise the level of awareness of the employees on fire safety.

The program kicked off at 8:00 AM via an energizing 30-minute Zumba session that set up an enthusiastic tone to start the day. Participants enjoyed the lively dance workout which was intended to promote wellness and camaraderie among employees.

Following the Zumba session, the formal program began with a solemn prayer and the singing of the Philippine National Anthem.

Atty. Ra Solomon Enriquez, Department Manager for Operations and Maintenance, delivered the welcome address wherein he shared the significant role of his mother in shaping his values and character. He also highlighted the importance of women in society, stating that the role of women is indispensable in nation building.

For the rationale, Ms. Eddies C. Inot, Department Manager for HR and Admin, showed a compelling video on the History of the International Women's Month celebration. She presented the legal mandates related to Women's Month, the event's theme and objectives, and highlighted the planned activities, emphasizing their significance in promoting women's rights and empowerment.

The program proceeded with the Fire Prevention Month segment, featuring resource speakers from the Bureau of Fire Protection (BFP) Carcar City—FO1 Ronnel V. Romano, FO1 Jerico A. Mendaros, and FO1 Gem Luis Mdr Jalandoni. They delivered informative discussions on fire prevention, suppression, and emergency response. They also emphasized the importance of fire extinguishers in the workplace and how these can be effectively used to prevent fire incidents from escalating.

As the event was about to end, certificates of appreciation were given to the BFP personnel in recognition of the invaluable insights they shared to the attendees. What followed was a photo session with banners at the background that captured the spirit of unity and advocacy among members of the organization in celebration of the Women’s Month and Fire Prevention Month.

In closing, Ms. Sheille Marie Pangalao, Department Manager for Commercial and Finance, expressed her heartfelt gratitude to the resource speakers and the attendees. She emphasized the importance of continued awareness, education, and proactive community engagement in both women’s empowerment and fire safety initiatives.

Ms. Ruby Angelica Galicano, division manager for Admin, commented that the celebration was a resounding success as it not only fostered awareness, appreciation and empowerment for women but also reinforced the significance of fire prevention in our daily lives.

The women’s month and fire prevention month are annual events that the water district celebrates every March.
